PROFESSIONAL SUMMARY

AWS Certified Solutions Architect – Associate and RHCSA-certified professional with 3+ years of hands-on experience in system operations, Linux server administration, and enterprise production support. Proven ability to manage AWS services (EC2, VPC, S3, IAM, RDS, CloudWatch), configure and maintain IIS/FTP web servers, and administer IBM DB2 databases in high-availability environments. Experienced in incident and change management using ServiceNow, CI/CD workflows, Docker, and Kubernetes fundamentals. Seeking an entry-level role as a Cloud Operations Associate, Junior Cloud Engineer, or Infrastructure Support Engineer to apply and grow expertise in Cloud, DevOps, and Linux domains within a dynamic, 24x7 support environment.

TECHNICAL SKILLS

Cloud & Infrastructure: AWS (EC2, VPC, S3, IAM, RDS, CloudWatch), AWS Solutions Architect – Associate

DevOps & Automation: Docker, Kubernetes, CI/CD Pipelines

Operating Systems: Linux (RHEL, Ubuntu) – RHCSA Certified, Windows Server (IIS, FTP)

Databases & Monitoring: IBM DB2, AWS CloudWatch, Database Health Checks, Backup

Tools & Processes: ServiceNow, ITSM, Incident & Change Management, SLA Tracking, 24x7 Production Support

PROFESSIONAL EXPERIENCE

System Management

Jan 2023 – Mar 2025

Kyndryl Solutions Pvt. Ltd. | Pune, India

- ▶ Installed, configured, and maintained IIS and FTP web servers for enterprise production environments, ensuring high uptime and stability.
- ▶ Monitored server and system performance using industry-standard tools; proactively identified and resolved bottlenecks to maintain SLA compliance.
- ▶ Performed daily IBM DB2 database health checks, generated performance reports, and executed scheduled backup and restoration activities with full data consistency.
- ▶ Managed database performance tuning and optimization to support business-critical applications.
- ▶ Administered Linux user management, access control permissions, SWAP space, crontab job scheduling, and networking configurations.
- ▶ Leveraged ServiceNow for end-to-end incident management, problem management, and change management workflows in a 24x7 support model.

Associate Technical Engineer

Nov 2021 – Dec 2022

Kyndryl Solutions Pvt. Ltd. | Bengaluru, India

- ▶ Supported IBM DB2 databases through daily health checks, backup/restore operations, space management, and performance monitoring to ensure high availability.
- ▶ Installed, configured, and provided ongoing support for IIS web servers hosting enterprise production applications.
- ▶ Coordinated incident resolution, change management, and SLA tracking with application and infrastructure teams using ServiceNow.
- ▶ Assisted in DB2 troubleshooting and contributed to root cause analysis for recurring system issues.

EDUCATION

Master of Computer Applications (MCA)

2025

Chandigarh University

Bachelor of Computer Applications (BCA)

2021

Nagpur University

CERTIFICATIONS

AWS Certified Solutions Architect – Associate

Amazon Web Services

Valid: 2024 – 2027

Red Hat Certified System Administrator (RHCSA)

Red Hat

Valid: 2024 – 2027

ADDITIONAL INFORMATION

- ▶ Available to join immediately.
- ▶ Actively seeking entry-level opportunities in Cloud Operations, DevOps, Linux Administration, and Infrastructure Support domains.
- ▶ Comfortable working in rotational and 24×7 production support environments.
